Mr. Cullum replied the \$10,000 was deleted and redistributed.

Mr. Carrigg asked if the \$2,000 recommended for the South Carolina State Museum was

redistributed as well.

Victims' Bill of Rights - Mr. Davis stated the Justice Committee had recommended a one (1) year supplemental appropriation of \$166,200 for the Victims' Bill of Rights from Fund Balance and said if State funding was not secured within six months, the Committee would re-evaluate for possible elimination of the program. He noted on the FY 2005-06 Budget Recap Summary provided by Finance, the \$166,200 was not shown as being funded from Fund Balance as recommended by the Committee. He said he did not want the \$166,200 to be added to anyone's budget because once a budget is set, the State statute expects funding to remain at that level or more each year.

Mr. Cullum asked Mr. Davis if he was open for a suggestion. He said the \$166,200 appropriation entails three different departments; Law Enforcement, Magistrate Court Services, and Solicitor; two of those being elected positions. He said the \$166,200 may be appropriated as a line item in the Magistrate Court Services budget rather than in Law Enforcement or Solicitor's budget because if Council should ever want to reduce their funding (Law Enforcement or Solicitor) by that amount, Council would not be able to do so. He said by appropriating the \$166,200 in the Magistrate Court Services budget, which is a County service, Council would have the freedom to move funds if needed and asked staff for guidance.

Mr. Brooks asked, putting the \$166,200 from the Victims' Bill of Rights to Magistrate Court Services?

Mr. Cullum replied, make it a line item in the Magistrate Court Services budget but

Mr. Carrigg asked if placing the \$166,200 into Magistrate Court Services budget was for micro-management purposes or what?

Mr. Davis replied, no; if they don't have the funding next year from tickets and fines, he is unsure the County can continue to fund the Victims' Bill of Rights program.

Mr. Owens asked why the \$166,200 can't be taken out completely and make the decision when Council has received the information from staff.

Mr. Davis replied the Justice Committee had recommended funding the \$166,200 from Fund Balance but would review the program in six months to know what the revenue stream is and that way the Committee would have another six months to finalize or liquidate the program.

Mr. Cullum stated the program initially was funded by the State through fines and tickets and said because of a decline in the number of tickets being issued by law enforcement due to personnel shortage, revenues have also declined.

Mr. Cullum said as he understood Mr. Davis to say, if Council appropriates the \$166,200 as a line item in the Sheriff's Department budget, and Council decided not to fund the \$166,200 from Fund Balance as approved by the Justice Committee, that Council had effectively created a \$166,200 addition to the Sheriff's budget that Council will have to continue to appropriate in the following year's budget.

Mr. Carrigg asked, whose budget?

Mr. Cullum replied, the Sheriff's Department budget.

Mr. Davis replied, the Sheriff's Department or the Solicitor's budget.

Mr. Cullum replied, the Sheriff's Department or the Solicitor because they are elected officials. He said Magistrate Court Services is

Mr. Carrigg stated that Council needed to get an opinion from the County attorney before you vote on something like this because he believes what Council is wanting to do is illegal. He said Council is really putting the money there to be spent by the Sheriff's Department but you are just "cloaking" it in another line item; it is not only illegal, it is just intellectually dishonest. Put it where it belongs or don't.

Mr. Derrick suggested taking the \$166,200 completely out of the budget.

Mr. Derrick made a motion to delete \$166,200 out of the budget for the Victims' Bill of Rights.

Mr. Owens seconded the motion for discussion.

Mr. Owens asked, how can we reinstate the \$166,200 without affecting the budget from being cut next time?

Mr. Davis stated the Justice Committee recommendation is for a one-year supplemental appropriation of \$166,200 from Fund Balance for Law Enforcement, Magistrate Court Services and Solicitor.

Mr. Carrigg stated it will still fall within an operating budget system; it is still operating money.

Mr. Davis asked if there is anyway to fund the \$166,200 from Fund Balance without it being part of somebody's budget that Council will have to continue funding at the same level in the future.

Mr. Porth, Finance Director, stated the statute that relates to reduction of budgets is under the annual salary supplement (Section 8-15-65) and it does not refer to the Magistrates nor the Solicitor's office.

Mr. Davis made a motion, seconded by Mr. Owens to go into Executive Session for legal advice.

In Favor:	Mr. Cullum	Mr. Davis
	Mr. Owens	Mr. Derrick
	Ms. Summers	Mr. Keisler
	Mr. Carrigg	

Mr. Cullum reconvened the meeting in open session.

Mr. Cullum stated currently there is a motion on the floor to reduce the supplemental appropriation of \$166,200 from the Law Enforcement, Magistrate Court Services, and Solicitor's budgets for the Victims' Bill of Rights and asked for further discussion.

Mr. Carrigg said he understood it would reduce staffing in Magistrate Court Services and Solicitor's office by 50 percent; two or three people would be fired.

Mr. Cullum stated it would cut their staff in half.

Mr. Owens asked, what about the Sheriff's Department; won't they be affected?

Mr. Cullum replied, yes; they have five employees. He said there is a total of nine employees in the program.

Mr. Derrick made a motion to amend the motion, seconded by Mr. Keisler to reduce funding to \$83,100 for the Victims' Bill of Rights program. He said that will give the Victims' Bill of Rights program six months of funding until staff can determine what funding source will be utilized to keep the program in place.

Mr. Owens asked how Mr. Derrick arrived with the \$83,100.

Mr. Derrick replied that he divided \$166,200 by 2. He said it was a year's funding so this would be half, which equates to six months funding.

Mr. Owens replied the amendment would accomplish what he and Mr. Davis were attempting to do.

Mr. Carrigg said if they don't pick up the funding then around Christmas, they will have to terminate three people.

Mr. Derrick stated staff should be monitoring the program and if they see that the funding is not available, then they will have to start taking action.

Mr. Carrigg asked, will they have time to know by then?

Mr. Derrick replied, the Justice Committee has promised to monitor the program on a monthly basis.

Mr. Davis replied, we will have them report to us (Justice Committee) monthly.

Mr. Cullum asked for further discussion; none occurred.

Vote on Amendment:

In Favor:	Mr. Cullum	Mr. Derrick
	Mr. Keisler	Mr. Davis
	Ms. Summers	Mr. Owens

Opposed: Mr. Carrigg

Vote on Motion as Amended:
