You may want to have her review this doc too.

Elizabeth is in our meeting with us right now. I'll catch her afterwards and have her call you.

I have a call into Elizabeth at EMD, but I have not heard back from her yet. Here's my preliminary draft of the doc to legislators. Some of the info may not be accurate since I'm only going off my brief conversation with Becca and Swati and the 4241 DR I was sent yesterday. It may change after I talk to Elizabeth. Thoughts?
