Know the true health of your community in detail: Measure, respond, educate and improve! The Network of Care is now the best solution in the country

The national-award-winning [Network of Care for Public Health Assessment and Wellness](#) was piloted in a single county in California and is now in 291 counties in 15 states.

The reason for the phenomenal and rapid expansion is simple. The Network of Care is the most comprehensive solution for customized local or state health indicators at the most affordable price.

Here is what the Network of Care includes:

- About 170 customized local indicators
- Model Practices connected to each indicator
- GeoMapping
- Poverty/ZIP-code overlays
- Customizable, hospital-derived data presentations
- Presentation of unique local data
- Best-in-class consumer information on wellness, early intervention and prevention
- News from around the country
- A Personal Health Record (HL7-compliant)
- Legislative advocacy
- 90 language translations
- Social Networking
- Community Calendars
- State-of-the-art Learning Centers
- Customization for each county
- And much more.
