Swati,

We are in the process of scheduling conference calls for FEMA to speak with Horry County, Beaufort County, and the Town of Hilton Head Island to discuss private property debris removal. We hope to have the individual meetings scheduled for as early as tomorrow afternoon and will let you know as soon as they are confirmed. We should have that confirmation in the next hour or so.

Thanks,  
Elizabeth

Kim – has a meeting been scheduled yet with FEMA, EMD and local officials to address this issue? Per my conversation with you last week, we will invite delegation members who are interested in this issue so their questions can be answered directly by FEMA.

Hi Haley,  
Sorry for any delay. I worked with David Glaccum and developed a format for the letters back to the jurisdictions requesting private property debris removal. I have attached our submission to FEMA and our letter back to Beaufort County.

Thanks,  
Elizabeth

Haley,

Thanks so much for this letter. We are absolutely in support of the request for FEMA to consider private property debris removal eligible work for this event. We will provide this letter to FEMA with a letter indicating our support. We received a similar request from Horry County and will be passing that along as well.

Thanks,

Elizabeth

Please see the attached request passed along by Rep. Jeff Bradley. Gary Kubic, Beaufort County Administrator, has requested that SCEMD support a waiver in regards to FEMA debris removal restrictions for gated communities. Please let me know how I should follow up or if there is any information that I can pass along regarding waivers of FEMA regulations.

Thank you,  
Haley

Is there any help your office can offer in expediting this request of Gary Kubic, Beaufort County Administrator as it regards a FEMA debris removal restriction for our gated communities?
