Dear Donnell Haley,

I would like for you to please give me a pardon.

I got sick about twenty seven years ago mentally. Because I was multi Tasking. I was working, and going to school, also taking care of two beautiful sons of mine with no help from their father. I was at 311 West Castle Rd. at the time.

I married him when I was very young and, didn't know alot about his back ground.

He move my eldest son and I to Atlanta.

My told me not to marry him, but my father wanted to have sex with me from age thirteen until thirty.

He told me I had to  
move. I found my husband  
soon ~~was~~ was strong out  
on crack, made us eat off  
the floor and after my  
baby died I couldn't  
have any more children.  
So I had to get my  
tubes tied.

His family mother &  
father paid quietly  
fifteen hundred dollars  
for the boys and, he  
said Corl Allen told  
him after I got out  
of Patrick B. Starn he  
knew he would get the  
boys.

I happen to come  
from a bad family  
Now one showed up  
with me in court.  
Now ever I had to  
take an IQ Test in  
1992.

They found out that  
I was spiritually gifted  
and I was a self taught  
genius like Abraham Lincoln  
and George Washington.

I'm trying to cope  
with society as best  
as I can now.

My husband was  
bisexual, he brought  
his lovers to live with  
us. Kevin Brown who  
died of crack over dose.

And Gary from Anderson  
A.C.

Then we got flooded  
with me in Mountain  
Trace Apts. Somewhere  
we lived we got throughed  
out. She had to live  
in Motel 6 for 24  
months. She was working  
for a man there. She  
also hooked out my  
front tooth. She wore  
mini-shorts and sold herself. 3

He sexually abused my children. After my divorce the children when they did things I couldn't just ignore it. My boy friend of 11 yrs. was lying next to me and my oldest suck on his penis. He told him he couldn't do that, because he was doing that to his father you see.

He sucked everyone penis on the football team to be faster back.

He was lying in bed with me, him and his brother and asked were did he want it in the anus or mouth.

I told them no they couldn't do that.

My husband refused to let me see my kids when they lived down town in the Lions Gate.

I now 53 and hopefully  
you will give me a better  
future.
