This program is administered by the SC Housing Finance & Development authority – they administer a number of programs with this money from direct payment assistance to transition assistance when people are going to lose their homes. I think their PIO is Clayton Ingram and his phone number is 803.896.9520.

Thoughts on this? Leg issue?

Subject: HHF

Hey, Doug –

The TARP inspector general released a report earlier this week that shows states that received Hardest Hit Funding haven't spent a lot of the money. SC has drawn down about 30% of the funding (see report here, HHF stuff starts around page 190 -- http://www.sig tarp.gov/Quarterly%20Reports/October_29_2013_Report_to_Congress.pdf). Do you know which agency handles HHF funding, and have a contact for them? Trying to figure out why the money hasn't been spent faster.

Let me know, and thanks for the time.

Reid
