Subject: bob vs. technology!

Good afternoon,,

Last week, my iPhone fried. Lost all of my calendar, pics & contacts. I know, I've heard, I should have backed all of this up on the "cloud"! As almost all of you know, technology has never been nor ever will be my strong suit. With technology, it's like "Godzilla vs. Bambi" and I'm the fawn!

So, please provide me, if you'd like, with any contact information you deem appropriate for me to have.

I now have rented space in the "cloud"; the folks at Apple & ATT assure me I will not be able to screw this up again!

One more thing, getting close to Memorial Day, don't forget to hug a Vet. Thanks.

Bob Cherichella
