		INSTITUTION TOTAL	1,500,000	924,282	1,500,000	

^R Recurring Items

♦ For all research projects for Sector 1:

CHE staff expects the research universities will continue to receive special research funding from the Lottery proceeds. Therefore, this project may be funded from that source.

For all technology requests for Sector 2:

CHE staff expects the teaching universities and the 2-year colleges will continue to receive special technology funding from the Lottery proceeds. Therefore, this project may be funded from that source.

♦♦ The Commission approved these project last year but because of the financial situation of the state budget, they were not funded by the Legislature.

♦♦♦ Statewide Higher Education Electronic Database:

CHE is requesting \$5 million for the creation of the proposed statewide virtual library. These project funding needs will be addressed under the funding of the virtual library.
