TITLE: EXECUTIVE DIRECTOR

There are \$1,600,000 in State Funds not allocated for Fiscal Year 2001-02. The SCDOT Mass Transit office recommends to the Director the following: (The recommendation would allow the SCDOT to maximize the funding for FY 01-02 and also provide an avenue to expend unobligated funds from prior fiscal years.)

The recommendations are as follows:

2001-02 Mass Transit Funds (State)

Mass Transit Earmark (\$1,200,000)

These funds are to be used to provide matching dollars for the federal earmark the SCDOT applied for in December 2000. The amount allotted is in line with the matching funds needed for the FY 2001 earmark received by the Department.

Contingencies (\$160,000)

These funds will be used for needs which may arise during the fiscal year and would be allocated by the commission based on the recommendation by the Executive Director.

Deloitte & Touche (\$47,750)

This allocation is to be used as matching funds for federal dollars paying for the final year of the Deloitte & Touche Management and Financial Reviews. The total cost of the final year of the study is \$238,696. Federal dollars will cover \$190,956 (approximately 80%) of the total cost.

Daufuskie Island Ferry (\$40,000)

These funds will continue to assist Beaufort County in the operation of its ferry to and from Daufuskie Island. The SCDOT is working in cooperation with the county and the Department of Education to provide this service.

SWRTA Vanpool (\$27,250)

These funds are recommended to provide needed transportation to the citizens of Sumter by Santee Wateree RTA. This money will be used to support the operation of the vehicle.

Mass Transit Rail Program (\$125,000)

These funds will be used to assist agencies and municipalities in the completion of rail studies or matching funds for any federal dollars they may receive. A total of \$50,000 is to be allocated to CPRTA to assist with a rail study. Additionally, \$75,000 will be allocated for use in the completion of a high-speed rail study from Charlotte to Atlanta to match federal funds. (Congressman DeMint previously earmarked federal funds for a study of the project.)

PRIOR FISCAL YEAR FEDERAL AND STATE FUNDS

The SCDOT presently has \$355,139 in Federal Rural and MPO Planning and state funds that are unobligated from prior fiscal years. Unobligated funds are the result of funds not expended by grantees before the closing of contracts and funds not applied for during the year the grant was approved. It is the recommendation of the Mass Transit office to expend these funds as follows to maximize the dollars received by the Department.
