Subject: Personal Use of State Vehicles

Dear Mr. Kester

We need the possible personal use of a state vehicle reported to us for the Lt. Governor for the November 2012 to October 2013 reporting time frame. They might not have any to report or may not even have a permanently assigned vehicle. If so please respond so we can handle the reporting if necessary. Please see the attached memo.

Feel free to contact me with any questions or concerns.

Julie Coats
