Dear Henry

I am writing to let you office know of the poor job they did this year. They let S.C. State get away with \$12,000,000 they don't have to pay but and they let an aluminum co in the county that and all these workers will have no jobs. The people that should be unemployed on the state pay a director that must have them 50% of the meeting in Columbia.

Some thing everyone should never forget is 1. We are all guests in the U.S. except for American children.

2. Blacks were allowed to be citizens before the 14th Amendment. We were allowed in Jan 1952.

3. I served 30+ years in the Marine Corps & I retired as a top Sgt.

4. A dumb lie that was spread was a

Black Qute? I graduated your academy in

May of 1983. T.P. Strom was the last S.C.E.D. man

he was impressed by all of did. I also graduated on academy in North.

5. Now in regards to Qute's. I never heard of

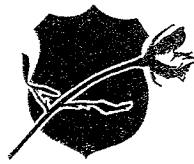

such a thing. Now in S.C. we have Blackbird

windmills when you can't see the dance? We have

expensive traps! We have the head light. We have

many people on phone and computers and reading

maps. Some advice to you in Columbia; of your

think you can do this in Beaufort County. For god it
they have the best two police units in the state and then
all Educated. Bft City Police, & Bft County Sheriff's Dept
Run by Sheriff P.T. Tanner. Each Quarter I get
Police Training outlines and I use to send them to
S.L.E.D. and all three County Sheriff's Office I quit
Mark Keel said he has the best police in the U.S.A.
He doesn't know I had many talks with J.P. Strom.
I'll close. I hope all the Reps & Senators are gone
after November elections.
