Dear Gov. Haley,

I wanted to write to express my thanks for the fine leadership you gave to my beloved Palmetto State during these past years.

Congratulations on your new position in the Trump Administration! I pray you accomplish as much there as you did for us here!

I don't know if anyone has ever done a T-shirt for SC with "A Palmetto State of Mind" with a SC state outline around the words, but think it would be a great one to do!

Also I am mailing you a copy of my first Poetry book (containing some state and country living poems), "The Road to Thanksgiving," by Jan Christmas Bailey.
Hope you enjoy it!

Sincerely, Jan C. Bailey
