To The Director or Whom Concern: I would like to Reconsider my decision in my husband Case, and I believe in my heart that they didn't look over my husband record or case thoughly to found out more about his health, he service his country six years, he give up his life for this, I know he took an oath. The way they are talking is my husband didn't do anything to help service his duties, yes he did had other issues, but who can say it wasn't cause by been in the Service only GOD knows. Yes his Death Certiticate says Puenomia my husband was a sick before that, yes I did all I could to convinced them of that. I deserve something from the Army, to let me know he did something for his Country he carry out his Duties as a Soldier of War, I be invited to go to all of these other event to Honor him but I can't get some Benefits from my Dead Husband, he Service his Country to. I send Doctor Record, Hospital Record, I did what I suppose to do as Spouse, Please consider my Case, he gone for 8 years now I'm widow, If you need his Medical Record I have them SS# 120-40-2991 PFC: John Arnold Maloney.

Thank So Much:

Jeannie Louise Maloney: Wife
