State Leaders,

Last night, you received names of individuals from your state who participated in today's Wounded Warrior Event at the White House. Below is a follow up from today's event. I have attached the full participant list for your reference.

HIGHLIGHTS | President Trump Delivers Remarks at the Wounded Warrior Project Soldier Ride

"A nation is sustained through the service and sacrifice of patriots. Each of you is part of the long, unbroken chain of courageous Americans who have answered the call in every generation, defending our families, our freedoms, and our great American flag, which we love."

– President Donald J. Trump

Key Quotes:

- On stage with me are Wounded Warriors from the Air Force, the Army, the Navy, and the Marine Corps. We salute you, we thank you, and we will forever be grateful for the sacrifices you made for all of us.
- You are the backbone of our liberty. You are the protectors of our community. And you are the proud and beating heart of our magnificent nation.
- The heroes in this room today come from every background and every single walk of life. But they are united by the sacred bonds of duty and loyalty that hold us together as one nation, under God. Your devotion, your endurance, and your unbreakable will are all a great inspiration to every single American.
- Each of you has endured life-changing injuries. Each of you has conquered adversity with resolve -- never giving in, never giving up, and never ever backing down.
- We're fighting to reform the VA, that is why we signed VA accountability legislation into law.
 - o We want accountability. When they don't treat our vets good, we want them out. That's what we can do now.

- o We have people that were terrible working they're and they're gone. Before we couldn't do anything about them.
- o No more waiting in lines for 12 weeks. You can't get the doctors, you can't get what you need. We're going to have choice.
- One warrior with us today is someone I first met years ago. His name is Dan Nevins and his incredible story embodies the long journey of recovery and triumph that each of you represent so beautifully.
 - o Dan served as an Infantry squad leader of Task Force Tacoma in Iraq, in 2004. While on a combat mission, his vehicle was struck by a roadside bomb.
 - o Dan was severely injured, ultimately losing both legs. Through countless surgeries, Dan refused to give in. He is a fighter and he is a champion.
 - o The Wounded Warrior Project was there to help Dan along his difficult journey, where he's had such tremendous success.
 - o Dan is now a nationally-recognized motivational speaker, and works to serve other veterans and their families.
