**Subject:** Request for assistance

Mr. Pitts,

Thank you for your time this morning. Keith Frost has called you on my behalf and I appreciate any direction you may offer. I am eager to return as an employee for our state or county of Lexington. I have stayed home with my children and through an illness resulting in the demise of my husband. Although I have remained educated and active it's sometimes challenging to migrate back in to employment thus your assistance is most appreciated.

I have applied on the Lexington County site for, "Veterans Services Specialist" and have recently applied on the SC jobs site for "Public Info Director I, Health & Human Services" (this is the legislative liaison position) and "Employment Services Resource Specialist, Midlands area". I would welcome an opportunity to meet with you, so you may qualify my candidacy for these or other such positions. Again, I thank you for your time and service by you and our Governor. I'm proud to be in South Carolina.

Best Regards,

Lisa B. Gibson

Town of Lexington Planning Commissioner
