1205 Pendleton Street  
Columbia, SC 29201

Dear Governor Haley,

I am writing in support of the Clean Water Rule restoring and clarifying Clean Water Act protections for wetlands and streams.

Restoring Clean Water Act protections for streams and wetlands is essential to fish and wildlife, flood protection, and the health of the more than 117 million Americans who get their drinking water from public supplies fed in whole or in part by streams vulnerable to pollution.

I am calling on you to stand strong in safeguarding wildlife habitat and clean water! Say NO to any legislation that would block the Clean Water Rule or undermine the Clean Water Act. Thank you.

Sincerely,

Ms. Lisa DeMott
