Just curious as to when the group size limit may increase. My wife and I go camping at Santee quite often and always bring her daughter, son-in-law, and the grandson with us as our camper can accommodate us all and we thoroughly enjoy camping together.

As long as you are a family unit, the group size does not apply. Does that make sense?

It does. I didn't see anything about a family unit under the new guidelines and just wanted to clarify. Thanks.
