Subject to the additional information we get...

#1: I'm OK with them just doing this one.
#2: Not sure I want this at all.
#3: Decision package.

Here is the HHS restructuring request. Their lines are all grouped under "other operating" or "Case services", so I am not as concerned about the "special item" limitations. I have asked Adriana to follow up with the budget office and confirm. Otherwise, I favor approval as a decision package.

Josh –

As we discussed earlier, we are hoping to make a few changes to our lines for 15.

- IPC should be removed and/or renamed to OSCAP. IPC service terminated 7/1/2013 and the service is being replaced by OSCAP which is a state funded program.
- Add Targeted Case Management as a new program line
- Add Three new lines to admin – this is just a technical adjustment to help us define our contracts and health services
 - Health Services
 - Administrative Operations
 - Implementation Services

If you need more information, let me know. See you next week!
