Congrats! I know you are happy the election is over!

As Governor Haley works on her infrastructure plan, I would like to offer members of the SC Asphalt Pavement Association (SCAPA) as a resource. The asphalt pavement industry is a \$1 billion per year industry in South Carolina according to a study (attached) conducted by Harry Miley last year.

I read in the paper that the governor has been speaking with the SC Chamber and SC Trucking and thought that road builders would provide another aspect for the governor and her team.

SCAPA is comprised of all SC grown asphalt pavement companies large and small.

Thanks!
