The Honorable Nikki R. Haley  
Office of the Governor

Columbia, South Carolina 29201

Dear Governor Haley:

My name is Alberta Robison and I am writing this letter asking for a pardon for my child Christine L. Simmons-Parker. Over a decade ago my daughter was convicted and sentenced to 10 years in prison. She served 7 1/2 years and was released on October 31, 2008 and completed parole with the next 2 -3 years. While under the state j's care she earned her GED and participated in activities to better herself upon her release. Since then she has been a model citizen and has stayed out of trouble. She has spoken to at risk youth and older individuals about where she has been and her future goals.

She is employed and going to college to obtain her college degree. She will be graduating from dental school this year. As a mother I have seen her struggles, triumphs, tears of joy and happiness but most of all her shame and genuine remorse for her crime. I am appealing to your seeking your assistance in granting my daughter a pardon so that all privileges and rights she forfeited may be granted back to her.

Sincerely

*Mrs. Cornelius Robison, Sr.*
