Section 8-13-540 (SECTION 14). I think of this more as a hopeful engagement than eloquently unifying the provisions.

Can you let me know which section in the report is the hybrid? Is this what was referred to as the “marrying” of language related to public disclosure?

This is the (current) final version of the conference report. There were other variations, but the others were deleted from the system. One prior draft included just the Senate language for 8-13-540. This is the hybrid version.

Happy Monday and post-session!

Can I please get a copy of the conference reports to H3184 – I believe there are 2 right?
