Subject: Incredulous!!

Greetings.

Incredulous doesn't do justice to my reaction this morning to the frontpage article in the State Newspaper (Aug 24)!! That "SCE&G won a state agency's approval for two now-abandoned nuclear reactors.....without having a detailed construction schedule or cost estimate,....." is simply beyond belief. I have attempted to call Speaker Lucas' office, Kirkman Finlay's office, and two reporters at the State, in order to confirm this report.

If I had gone to the bank and said I wanted to borrow an unknown quantity of money, to build a facility that I did not have a cost estimate for, or have a projected completion date, I would have been completely ignored, and/or considered a fool if I had persisted.

I do however have a good idea of how state regulators & SCE&G could proceed in this manner: it was not their money.

Respectfully,  
Herb Seigler
