Subject: the liberals HATE her

---

Patriot,

**The Democrats and the liberal media flat-out HATE Laura Ingraham.**

They hate the fact that she's a female -- and she doesn't buy into their radical "*feminazi*" propaganda.

Instead, she's one of the most outspoken, HARDCORE conservative talk radio show host in the entire country.

She even made Trump's short-list for White House Press Secretary.

And Patriot, she's considering challenging Virginia Senator and Hillary Clinton's running mate, Tim Kaine -- one of the most liberal Senators in the Swamp.

According to close sources, Laura could make her decision any day now.

**Can I count on you to sign your petition and chip in a contribution to help expand our program and double the number of "Draft Laura" petitions?**

You see, Patriot, Donald Trump needs a Senator like Laura Ingraham in Washington.

That's why he's already signaled his support for her candidacy by giving her news outlet the first question at a recent White House Press Briefing.

Of course, Laura Ingraham in the Senate is great for a number of reasons -- she's pro-life, pro-gun, anti-tax, constitutional, bold, courageous. . .

She's also a long-time opponent of illegal immigration, and she's outspoken about her support for Trump's temporary halt on immigration from terrorist nations.

**If elected to the U.S. Senate, Laura Ingraham will be Mitch McConnell, John McCain, Lindsey Graham's WORST nightmare.**

The good news is, Tim Kaine is vulnerable for defeat.

The better news is that Laura Ingraham has publicly stated she's considering running against Tim Kaine.

That's why she must know you're a supporter -- and that you've got her back if she challenges Kaine and the Clinton Machine for U.S. Senate.

**That's why your IMMEDIATE help is so important.**

First, I hope you'll agree to **sign your "Draft Laura" petition** so I can deliver it, along with thousands of others, to Laura Ingraham to encourage her to run for U.S. Senate against Tim Kaine.

Secondly, I'm asking you to make a generous contribution to Principled PAC to help pay for our all-out blitz to DOUBLE the number of petitions to Laura Ingraham.

Some folks have already agreed to contributions of as much as \$1,000 or even \$1,500.

Of course, I understand most folks can't donate such a large amount at this time.

**So if that's too much, I hope you'll agree to contribute \$500, \$250, \$100, \$50, \$35 or whatever you can afford.**

Thanks to modern advances in technology, a little bit goes a long ways toward helping achieve our goal of drafting Laura Ingraham for Senate.

Your generous gift of \$100 helps generate over 1,000 banner ad impressions on conservative websites.

**\$50 allows us to send 5,000 emails to grassroots conservatives, just like this one, asking them to join the movement to "Draft Laura."**

\$25 purchases Facebook and Google ads.

\$10 helps cover the cost of hosting the website, making graphics, and everything else associated with running a successful "Draft Laura" program.

Patriot, whatever the amount you can afford, please know your contribution is greatly appreciated and will be put to immediate use.

Thank you so much for all you do.

Sincerely,  
Principled PAC
