I think we need to participate. Hank, will you see if the LG can help with some of these meetings?

Thanks

Subject: Upstate County Meetings - Please Share

Office on Aging Partners –

Please help us share this information. As you can imagine, your reach, contacts, and support has great potential influence for fire and life safety in our state. We'd like to have a good showing at each meeting from our Area Office on Aging partners so any and all are invited to represent – we'd particularly welcome local assessors whose support motivates our fire service.

The Fire Safe SC Website will have up-to-date info but I will reach out monthly with newly scheduled counties.

The first meeting is less than 3 weeks away!

Last year, our state suffered 77 fire fatalities; however, as of today, we have already lost 70 lives to fire. Two out of every three of these fatalities were our fellow citizens, 50 years old and older. There is need in your community, and others across our state, to work together to promote fire and life safety messaging and encourage adequate coverage by alarm technology.

We wish to invite you to the discussion to be an active part of the solution. The first round of County Meetings start in the Upstate in August 2017.

For locations, up-to-date info on all counties, and to RSVP, view the County Meeting Banner on www.firesafe.sc.gov.
Join us @FireSafeSC on Facebook and Twitter. Support the change to do our part in becoming a Fire Safe South Carolina!

Up-to-date County Meeting Info: <http://firesafe.sc.gov/weekly/County%20Meeting%20Schedules.pdf>
