Shawn,

I will follow-up on this.

Tony

Good Morning, Tony:

We were still unable to draw our funds through III-B for client prioritization and selection services because, as far as I know, the appropriate activity/site is still not set up in AIM. As you can see I've contacted Kevin Pondy on two separate occasions in reference to our conversation in October, but he has yet to respond. If possible can this be completed by the end of November so that we can enter the hours spent and claim reimbursement when we file November reports in December.

Kevin

I am still awaiting your response on this issue.

Thanks

Kevin

I realize this is against protocol, but since Tony mentioned you specifically when we talked last week. Tony mentioned that he would be getting with you in reference to an activity in AIM so we can place our client selection units in.
