To Whom it May Concern:

I am the owner of Reynolds Day Care and received your letter about the amount I owe, the penalties and late fees that will be added. Financially I am having a really hard time. I lowered the number of children I can keep so that I could down size because of the penalties that I am being charged now and I cannot afford to have another employee at that rate. If I have to continue to pay at this rate my fourth quarter taxes will close my doors.

I have made a goal for myself to be debt free in 10 years. As of now I am only playing \$100 extra dollars a month but I promise as I clear up some of my smaller debt I will pay more toward this debt. Also we have our bus up for sale when sold will take care of the taxes. Under the penalties that you are charging me now I am having a hard time staying in business. I have done this for the last 20 years and if my doors are closed I don't see how I could pay anything because we have to much debt.

I am the bread winner of my family and financially we are struggling. I have not made a house payment in over a year. We need a new roof, flooring and drive way needs to be prepared. With this already on my plate with more penalties may have to make me close my doors.

Thank you so much for working with me in the pass and I am pleading with you to continue to work with me and it would help me if you would stop penalties you are already added to my account. There is no way possible I can continue to grow with these fees.

Thank you again

Cynthia R Tucker
