Nicki Haley,

I am a big Fan and supporter of you. But I  
have to disagree with the way you handled the  
Flag. These people you are backing are the  
same ones who voted against you for the gov.  
race. The people want the Flag down and why  
don't you let the people from S.C. make the call  
and not all the people who are not from S.C.  
I also think if the Flag comes down, then the  
Martin Luther King statue should come down.  
Also remember this is going to be held against  
you if you run for high office. I will  
still support you, but you have ~~let~~ let a  
lot of people down.
