---

Is that last sentence from the governor?

-- The governor has asked everyone to join her and Michael in prayer during what will be an especially sad week given that it marks the one year anniversary of the Mother Emanuel tragedy.

-- The governor communicated with Gov. Rick Scott by text this morning, and he knows the people of South Carolina are on standby as needed.

-- This is another reminder of the pain a tragedy can cause, not only for those impacted directly, but the state and the country.
