Subject: It's worse than I thought

---

Friend,

Earlier today I told you the special-interest lobby had reaffirmed their plans to double down and attack me even harder over the next two weeks.

Friend, **it's even worse than I thought.**

Just a few hours ago our RINO Governor joined in the fight by announcing her support for my tax-and-spend opponent.

That means the ENTIRE establishment -- on both sides of the isle -- are gunning for me with everything they've got.

But I refuse to back down.

If they want a fight, rest assured -- **I'll give them a fight!**

**Will you stand with me and fight back against the political elites?**

Will you show the special-interest lobby that grassroots patriots won't be pushed around and trampled by their political machine?

I'm counting on you!

If you're with me in my corner, there are two critical ways you can help fight back immediately:

1.) **Please chip in any amount you can afford to contribute at this time.**

The truth is, even grassroots campaigns require resources.

There's flyers. Palm cards. Signs. Stickers. Food and drinks for volunteers. And those are just the bare necessities.

If I can raise the resources, I plan to strike back with hard-hitting, targeted mailings to likely voters, as well as launch a round of radio ads in the final days before the election.

Friend, the runoff takes place in just 12 short days.

And I'm taking on the big money political machine. I must be able to count on your support.

**So please chip in a contribution of whatever you can afford to this email.**

If you are blessed enough to give \$1,000 -- the maximum amount allowed under state law -- I ask that you please make a sacrificial donation of \$1,000.

But I understand most folks can't contribute \$1,000 right now.

**Some can do \$500, \$250, \$100, \$50, \$35, or \$25.**

For others, \$5 or \$10 is a huge sacrifice.

All I ask is that you chip in whatever amount you can to help fight back.

Any amount you can contribute will be put to immediate use -- and I promise to be a good steward with your trust and investment.

Of course, I also understand there are a few folks who can't contribute financially at this time.

And that's where the second item comes in;

2.) As you know, volunteers are the lifeblood of campaigns -- especially grassroots campaigns like this one.

So if you have any spare time over the next two weeks, I ask that you please volunteer for my campaign.

The good news is, with our state-of-the-art system, volunteering has never been easier -- and more fun!

Right now our volunteers are making phone calls and going door-to-door meeting with voters and telling them about our campaign and message.

**If you'd like to volunteer for my campaign, just email James, our Field Director, at [james@brightforsenate.com](mailto:james@brightforsenate.com) and he will get you plugged in immediately.**

Friend, I'm in this race to win.

I don't care how nasty the other side gets. Or how hard the special-interest attack dogs punch.

There's too much at stake to give up without a fight.

I won't back down.

And I hope you won't either!

**So please, stand with me in my corner by chipping in a contribution and volunteering for my campaign.**

Let's show the establishment what we're made of!

In liberty,

Lee Bright
