An essential resource for APS professionals, elder law specialists, prosecutors, and fiduciaries, this master reference examines a range of best-practices for preventing, detecting, investigating, documenting, and prosecuting financial fraud, and recovering stolen assets for victims.

Order today and benefit from the guidance of leading experts:

- * Warning signs an elderly person may be a victim of financial exploitation
- * How to build and present evidence needed to support a case against an exploiter
- * When to try a case in criminal court, and when to file a civil action
- * Keys to successful prosecution—even when victims appear to have "aided" their exploiters
- * How to seek civil remedies that really benefit victims
- * The critical role of Adult Protective Services
- * When and how to seek appointment of a guardian ... or to remove a guardian

"Elder abuse is sometimes described as a 'hidden crime' because victims often have limited contact with friends and family, and physical or mental decline can prevent the reporting of abuse. **Financial Exploitation of the Elderly** is a solid addition to the library of any attorney who deals with legal issues involving the elderly. The price is very reasonable, especially given the vast amount of material and additional resources presented." —Review by Camilla Dellinger, Esq. in *The Colorado Lawyer*

Full Table of Contents and **Order Form**

"Comprehensive ... presented in an easy-to-read format and valuable not only to attorneys but also to social workers, law enforcement officials, employees of financial institutions, and other professionals who come into contact with the elderly." —from a review by Camilla Dellinger, Esq. in *The Colorado Lawyer*
