**WHEREAS,** in 1993, Congress approved and the President signed into law the National Voter Registration Act of 1993, establishing new unfunded federal mandates and procedures related to voter registration and voter list maintenance; and,

**WHEREAS,** the National Voter Registration Act requires the states to offer voter registration opportunities through the mail, through the driver licensing and renewal process, through numerous other state agencies, and reduces the states' ability to take action to ensure the accuracy and validity of their voter registration rolls; and,

**WHEREAS,** the National Voter Registration Act provides no federal funding to implement these provisions, but compels the states and local governments to enact a federal registration program by diverting resources from existing programs and services already facing harsh budgetary constraints; and,

**WHEREAS,** the right to vote is a fundamental right of United States citizens guaranteed under state and United States Constitutions; and,

**WHEREAS,** the State of South Carolina should comply with the mandates of the National Voter Registration Act as much as possible, so long as such compliance can be perfected with minimal costs to the State.

**NOW, THEREFORE,** pursuant to the powers conferred upon me by the Constitution and laws of the State of South Carolina, I hereby direct the South Carolina Election Commission to implement the following:

- Promulgate a post-paid voter registration form which can be completed by the registrant in five minutes or less and returned, with the use of no additional materials, through the United States Postal Service to the South Carolina Election Commission, at no cost to the registrant;
- Produce sufficient quantities of this form and make them available for distribution to the public at the following South Carolina state government agencies:
  1. Department of Revenue
  2. Division of Motor Vehicles
  3. Department of Health and Environmental Control
- Upon receipt of a completed registration form, the Election Commission shall forward the form to the County Board of Voter Registration in the county in which the registrant resides. Upon verification of the information contained on the registration form, the registrant shall then be entered on the registration roll for that county.

EXECUTIVE ORDER NO.

**WHEREAS**, South Carolina in recent years has identified more clearly the critical importance of strengthening resources for programs designed to serve the needs of disabled citizens; and

**WHEREAS**, the State must make the most effective use of its resources to meet such needs, and to do so requires that realistic policies, plans, and programs be developed, implemented, and evaluated continuously; and

**WHEREAS**, the well-being of citizens of South Carolina affected with substantial disabilities is a priority concern and responsibility of state governments;

**NOW THEREFORE**, pursuant to the powers conferred upon me by the Constitution and Laws of the State, I hereby reestablish the South Carolina Developmental Disabilities Council which will be the State's forum for matters pertaining to developmental disabilities and will serve as advocate for persons with those disabilities defined herein.

The Council shall at all times include in its membership representatives of the principal state governmental agencies which administer and/or provide services to persons with developmental disabilities, higher education institutions and programs, as well as other related state and local governmental agencies and organizations. South Carolina Vocational Rehabilitation Department;

South Carolina Health and Human Services Finance Commission.

These agencies shall be represented by their director or his/her designated representative who shall have full power and authority to act in his/her stead in any and all deliberations of the Council.

Additionally, in order to provide a continuum to its advocacy efforts, the Council shall include representation of nongovernmental agencies and organizations concerned with the developmentally disabled. These private organizations and programs shall be represented by their chief administrative officer or his/her designated representative who shall be empowered to act on behalf of the organization in any and all deliberations of the Council. These representatives shall serve in *anex officio* capacity.

No less than one-half of the total Council membership shall consist of consumer representatives who are not officers or do not have ownership or controlling interest of any entity, or who are not employees of any state agency which receives funds and provides services under the Developmental Disabilities Act. Of the consumer members, at least one-third shall be persons with developmental disabilities; and one-third shall be immediate relatives or guardians of persons who have mentally impairing developmental disabilities with at least one of these having a family member in an institution; the remaining one-third shall be representatives from any developmental disabilities consumer category.

The consumer members of the Council shall be appointed by the Governor from among the residents of the state to serve at his pleasure on a rotating basis. Terms of office shall be four years and no member shall serve more than two consecutive terms.

The Chairperson of the Council shall be appointed by the Governor for a term of two years with a limit of one successive term. The Chairperson shall be selected from the active consumer members of the existing Council. For purposes of appointment, consumer members may not be providers of services. The Council shall submit recommendations of names of persons to be considered by the Governor. All other officers of the Council shall be elected by the membership of the Council and election shall not be limited to consumers.

Submit to the Secretary of the United States Department of Health and Human Services, through the Governor, such periodic reports on its activities as may reasonably be requested, and keep such records and afford access thereto as the Secretary finds necessary to verify such reports.

In support of the Council, the Governor shall house the Council staff within the Office of the Governor and shall provide as appropriate the support of the Office of Executive Policy and Programs. State agency(ies) to administer the state programs shall be designated by the Governor and described in the state plan.

**WHEREAS**, Act 437 of 1994 directed the Office of Research and Statistical Services of the South Carolina State Budget and Control Board to study facilities providing therapeutic cardiac catheterizations without on-site open-heart surgery services and directed that this study determine if there is a statistically significant difference in patient outcomes at facilities with and without on-site open-heart surgery; and,

**WHEREAS**, the General Assembly expressly provided that the Task Force consider the quality of care available based on physician volume, population trends, and projections of the South Carolina community ; and,

**WHEREAS**, the Task Force was required to submit its findings and recommendations to the Health Care Planning and Oversight Committee no later than January 1, 1995; and,

**WHEREAS**, a majority of the membership of the Task Force has informed me indicating their belief that had the Office of Research and Statistical Services' analysis been available, it would have been considered in their findings, as submitted in their report of January 1, 1995; and,

**WHEREAS**, the January 1, 1995 submission deadline precluded the Task Force's consideration of the Office of Research and Statistical Services' analysis; and,

WHEREAS, the Office of Research and Statistical Services' analysis is not expected to be completed prior to its required completion date of May 25, 1995; and,

WHEREAS, without further action, certain communities in the state will be without the continued availability of therapeutic cardiac catheterization services; and,

WHEREAS, it would be in the best interest of public health, safety, and welfare for the Task Force to consider the findings of the Office of Research and Statistical Services prior to making its own findings and recommendations.

NOW THEREFORE, pursuant to the powers conferred upon me by the Constitution and Laws of the State of South Carolina, I hereby direct the Task Force appointed by me pursuant to Act 437 of 1994 be reestablished and reconvene to continue its analysis with respect to therapeutic cardiac catheterization services, specifically taking into consideration the analysis of the Office of Research and Statistical Services and that, as provided in Act 437 of 1994, the South Carolina Department of Health and Environmental Control shall not prevent facilities from providing therapeutic cardiac catheterizations if the facility (1) has obtained a Certificate of Need for diagnostic cardiac catheterization before July 10, 1992, and filed to obtain a Certificate of Need for open-heart surgical services before January 1, 1993, and (2) has a written open-heart surgery back-up agreement with a facility that provides and open-heart surgery service located within a thirty minute one way drive.
