Hi Rob,
I have just shared through Dropbox the video of the Lt. Gov. I have also put the video on our YouTube account as unlisted so you can only access the video with the direct link which is copied below. I hope this works for you all, but please let me know if you need anything else from our end. We are happy to help!
Thank you!

Good afternoon and I hope all is well.

I spoke with Danny and he mentioned Lieutenant Governor Bryant is willing to produce a short video message for the Hospice Care of South Carolina's 20th anniversary gala on June 3. Please find below a draft script for your and Lieutenant Governor Bryant's consideration.

I appreciate your and Lieutenant Governor Bryant's time and consideration. Please let me know if you need anything from me or if I can be of service.

Thanks,
Rob

"Good evening. I am so pleased to be able to be part of today's events – even though only through video – to celebrate the 20th anniversary of the founding of Hospice Care of South Carolina. Twenty years. So much has changed in our state in those years, but what hasn't changed is the quality of care and dedication to service of Hospice Care of South Carolina.

Since Hospice Care of South Carolina's inception in 1997, the organization has expanded from covering only the upstate area to now providing coverage to every corner of our great state. Hospice Care of South Carolina has

touched the lives of thousands of South Carolinians - becoming the largest hospice provider in the state. This accomplishment in only 20 short years has been made possible through innovation, compassion and a never-ending dedication to quality and selfless service to the patients and families that entrust Hospice Care of South Carolina with their care during the advanced stages of terminal illness. Each and every one of you to help make the most difficult time in a person's life a bit better. What a wonderful gift.

To David, Todd, and to the over 300 members of the Hospice Care team, I would like to thank you for your dedication to making all of South Carolina a better state through your everyday efforts to comfort those in need and through your countless charitable contributions. I wish you many more years of continued success.

I hope you enjoy the rest of the celebration! If I can be of service to any member of the Hospice Care of South Carolina team, please do not hesitate to contact me"
