Subject: Recruiting SScale Down Program Manager

[View this email in your browser](#)

The [South Carolina Institute of Medicine & Public Health](#) (IMPH) is recruiting a program manager for SScale Down, the statewide, multi-stakeholder obesity prevention collaborative facilitated by IMPH in partnership with the [SC Department of Health and Environmental Control](#). The program manager will oversee the ongoing development, implementation and coordination of SScale Down. This collaborative engages senior leaders, researchers, practitioners and community representatives from across the state who are involved in obesity prevention work in communities, worksites, healthcare settings, schools and child care environments. The focus of this work will be to guide the implementation of the [SC Obesity Action Plan](#) and to support the measurement of progress in meeting short- and long-term objectives and achieving key goals.

Candidates should have a master's degree in a related field and four years of relevant program experience or a bachelor's degree and six years of relevant program experience. In addition to a demonstrated knowledge of the fundamental aspects of obesity prevention and history of success in building collaborative partnerships, preferred candidates will have experience in working specifically with SC stakeholders in the field and the ability to work with diverse stakeholder groups, including senior leaders. Demonstrated skill in oral and written communication is also preferred.

For more information and to apply for this position **please visit** [USC Jobs](#), click **search postings** and enter **requisition number 010984**.
