### III.

No public hearings were scheduled.

### IV.

- A. Mayor Sallie S. Peake, Mayor of Wellford, appeared to introduce three constituents from the Wellford

area. Mr. James Brown and Mr. Mike Ramey were present to speak in reference to Roads. Ms. Diane Boyd was present to speak in reference to Parks and Recreation. Mr. James Brown stated that one of their main concerns is that they have seven dirt roads in Wellford, and they have a number of major roads that need to be paved and improved that have not been touched in over thirty years. They would like a study of what has been done over the past twenty years in the Wellford community. Mr. Mike Ramey, 290 Jaybird Lane, Wellford, also spoke in reference to his road needing to be paved. Ms. Diane Boyd spoke on behalf of Parks and Recreation in Wellford. Ms. Boyd stated that they have a school building that has broken windows and is a danger. The children have no where to play. Ms. Boyd asked for the building and requested money to go toward Parks and Recreation in Wellford. Chairman Horton asked Mr. Caton to address the issue on the building that was referenced and find out who actually owns the building. A list of the seven dirt roads was submitted. The roads are Suber Drive, Carlock Road, Jackson Street, Dendy Road, Wilkie Road, Blue Spring Circle, Jay Bird Lane, and Pave Ridge Road.

V.

Public Health and Human Services Committee (Honorable Johnnye Code Stewart, Chairman)

- A. Ms. Elena Rush presented information in reference to the CDBG Consolidated Planning Processes. No action was taken.
- B. Ms. Elena Rush presented CDBG Grant Funding Recommendations. Motion made by Ms. Stewart to approve the proposed allocation plan as presented with the exception of \$17,246 for Animal Allies. Motion seconded by Mr. Huckaby. Mr. Britt made an amended motion to Ms. Stewart's motion that the full request be approved including the \$17,246 from Animal Allies based on a number of factors. In the last 40 years, 95% of all fatalities relating to animals have come from unaltered animals. This \$17,246 would be going toward spay and neutering in targeted areas that are specifically designated by Ms. Rush's group. Secondly, 80% of all dog bites in the last 40 years have come from unaltered animals. In Spartanburg County, only 30% of our animals have been vaccinated for rabies. Motion seconded by Chairman Horton. Amended motion to approve the funds with the \$17,246 for Animal Allies did not carry. The first motion was to approve the block grant minus the \$17,246 for Animal Allies. This motion carried. Two opposed. Ms. Stewart stated that she thinks Animal Allies is a worthwhile part of this plan, but she hates to recommend something that will not go to better people. She would rather see the money spent for Parks and Recreation. Mr. Nutt stated that he does not have a problem with Animal Allies either and what they do. Mr. Nutt thinks it is a matter of priorities and recommended looking at our whole process again before this happens next year and make sure everyone knows what they are doing when they approve a plan that lays out how we establish those priorities. Mr. Nutt thinks there are some other projects that maybe should have been in there. We are dealing with roads again. We have roads that have not even been paved.
