Columbis, S.C. 29201

Governor Haley

Inclosures:

1. Your letter dated December 2014 concerning marijuna.
2. My letter dated 12 December 2014 discussing finding money for road repair.

We're both discussing very interesting subjects, however your reply did not address my concerns.

I again recommend some lottery money be used for road maintenance and repair.

If you don't have the authority too do this, than suggest you place it on a ballot for the people to decide.

I agree with you wholeheartly DO NOT RAISE TAXES, but I hope your solution is not TOLL ROADS.

Thank You and MERRY CHRISTMAS

Sincerely,

Virginia A. Humphreville

Boiling Springs, South Carolina 29316

Dear Ms. Humphreville,

Thank you for your recent correspondence regarding the use and possession of marijuana. It is encouraging that citizens are taking an active role in their government, and I value receiving your feedback and concerns. Although I respect your position, I do not support the legalization of controlled substances, including marijuana.

Please do not hesitate to contact me if I may be of assistance on this or any other issue. God bless.

My very best,

Columbia, S.C. 29201

I have a solution and a suggestion to solve our road repair problem.

A percentage of the S.C. lottery money should be applied to road repair.

Recommend 25 - 50 percent for roads.

If you don't have the authority to authorize this solution, then the BOYS in Columbia can vote on it or put it on a ballot for the people to achieve.

We should not continue wasting all lottery money on schools. If schools cannot continue to fail with less money, then increase classroom size and lay off teachers. U.S. schools are a failure, more money is not improving the education, and most states share lottery funds for several areas, not just ONE (1) like S.C.

Another concern of mine, other than you not raising taxes that I go along with, I hope your solution is not TOLL roads.

Thanks for your time.

A concerned citizen
