I briefed her on the mechanics of this issue earlier this afternoon. I don't think we'll have a public response quite yet, but she's aware of the issue and we're still discussing it internally. Up to you as to how you want to translate that to him.

Rob,

Does the governor have a position on the Senate budget plan for roads and bridges, that is, taking \$50 million and sending it to the State Infrastructure Bank via DOT to borrow \$500 million?

I am doing a story from my interview with the DOT chairman, who says he is bothered by the borrowing. He also says he wants DOT to be able to pick the projects, not the SIB.
