Subject: Mission Statement

Not sure what angle folks want, but here are three kinda similar options.

CLS

1. The Haley Administration is committed to creating jobs, improving infrastructure, reforming education, and making South Carolina a safer, healthier place to live and prosper.
2. The Haley Administration is committed to renewing our economy and our communities by promoting job creation, cutting taxes, and protecting families.
3. The Haley Administration is promoting South Carolina's growth by creating jobs, developing our workforce, and providing for the health, education, and safety of our citizens through a leaner and more effective government.

Christian L. Soura
Deputy Chief of Staff
