The single-story frame Period Cottage stands five bays wide and rests on a continuous brick foundation. A front-facing gabled bay composes the building's central bay and features decorative wooden brackets at its gable. A single-bay shed roof porch supported by wooden columns frames the building's original door, which is located to the left of the central gable. The building appears to retain its original German siding and six-over-six sash. Two single-bay carports have been added to the building, one on either end.
