Subject: Flags

---

Hello again. This is Scott Cathey. I had contacted you about getting some statehouse flags to use in our Awana program and to hang in our Gym. You responded that the Lt governor would be glad to get us some flags to use in our church programs but would have to figure out a way to get them to us.

Here are a few suggested options that may help.

1. The flags could be dropped if at the pharmacy anytime and I could pick them up there. Just notify me when they arrive.

2. You could mail them to my home.

Scott Cathey  
3342 Trail Road  
Belton SC 29627

If needed I could pay for postage if this would help.

3. If Kevin was in town and wanted to make a statement, he could hand deliver them at the beginning of the awana program when we do the pledges. Maybe even say a word to the kids and adult workers.

Just some ideas and maybe helpful options. I know how busy it is this time of year especially so I understand having a full schedule will probably eliminate #3.

Again thanks so much in advance for working with us and helping us show the kids the importance of our flag and our freedom it represents.

Thank you for your time  
Scott Cathey
