Marcia,

I have the letter on my desk with a note to copy you all. I agree that we want to work closely together on these requests. I will have a copy of the letter carried over to you today. Jim

Subject: Electronic ticketing

Jim,

I was reading an article in the Island Packet concerning Hilton Head's electronic ticketing. The article mentions that Hilton Head has sent a letter requesting approval to begin electronic ticketing to DPS. Before you approve this process, please let us review their letter so that we can make sure that the ticket they print will fit our specifications for scanning. Please forward the information to me, and I will expedite the process.

I want to make sure that everything proceeds smoothly and that there are no DMV issues slowing down the process for Hilton Head. I am asking Lotte to work with your folks on a review process for the future.

Thanks,
Marcia
