

Governor Haley:

February 12, 2015

The United States' future economic prosperity, global position and national security are inextricably linked to the quality of education in our country. We must do all we can to ensure each and every child has the opportunity to achieve his or her God-given potential. Thank you for your vision and leadership to improve education in your state, which was evident in your recent State of the State address.

The Foundation for Excellence in Education strives to bring proven bold and transformational education reform policies to states across the nation. Please let me know how our team may support your efforts to ensure a quality education for Arizona's students.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Condoleezza Rice', with a long horizontal flourish extending to the right.

Dr. Condoleezza Rice
Chair, Board of Directors
