Katherine,

I spoke with Mr. Miller and he was requesting assistance with finding a job. I had our Employment Services Director contacted him this afternoon. Based on their conversation, she determined that he needs reemployment services that are focused on a high-skilled worker. She is coordinating the next steps with the Lexington Office and will monitor the progress of the assistance provided to Mr. Miller.

Joe,
Please read the email below.
Please have someone call Mr. Ritchie Miller today to help him with any questions or concerns he might have.
Please confirm his issues have been addressed.

Hope all is well.
Katherine

I know in the past you have been the contact to get help from DEW for Constituents. I just spoke to Ritchie Miller in Batesburg and he has had a tough time with the DEW office in Lexington. Can you ask someone at DEW to call him? His number is 803.315.4510.

Thanks,
