Look who stopped by our annual Park Manager's Conference to thank and support our park managers, assistant managers and staff today --- Governor Nikki Haley. She is pictured with our park managers, SCPRT Director Duane Parrish and SC State Park Director, Phil Gaines.

Teri Farmer love you guys, love your parks, visit SC at least four times a year, if not more... but I could do without your Governor, she is totally against unions and that is a very sore subject for me! My union pay allows me to vacation in your beautiful state!

Eric Faint Hey Phil, how come you are the only one, except for the governor, without a tie???

Jay Clingman Very nice gesture of the Governor. Well deserved attention paid to a very well run agency. I do hope the Governor will see fit to support Parks with more state funds.
