We love coming to stay in the pier cabins on lake Marion but have not been able to come because of the issues with our toddler being able to open the door. Even when you lock the handle it can be opened from the inside. I was so worried all weekend that he would get out and into the lake in the night or when I was not looking. We slept with the table in front of the door. Has this issue been addressed? We would love to rent while they are 40% off. Thanks!

I have spoken to the park and the door locks are the same. If you have any further concerns please contact the park directly and they will assist you. The phone number to the park is 803-854-2408.
