Description/Significant Features:

Old Rock Quarry Road runs roughly northeast/southwest, from Charles Street to the west to Frontier Road (the frontage road to Interstate 26) to the east. The road is a two-lane, rural road that is paved along most of its length, although soil and gravel have eroded from the surrounding lands and covers large portions of the road.

Historical Information

Historical Information:

Old Rock Quarry Road predates the Hanna Vermiculite Mine on the property, as it was shows on the 1921 USDA soil survey map; before the construction of Interstate 26 in the 1960s, the road continued to extend east, where Liberty Ridge Road is currently located (on the other side of Interstate 26)
