Mr. Preston Theldkeld talked to Council about keeping litter off of Anderson County roads. Pictures were presented to Council. He said he thought one of the biggest problems in Anderson County is that the Convenience Stations are closed on Sunday when everyone goes to the dump. Tires are deposited on the side of the road and that could be because of only one drop off site in Anderson County for tires, he said. Mr. Floyd asked Mr. Preston to look into the remarks made by Mr. Theldkeld.

Mr. Preston discussed that the County had three very old military-type scrap pans which were sold at a County auction and the individual never picked up. They were on the property sold by Allied Waste. Allied has requested that the pans be removed/sold and the proceeds to go back to the County. The County has found someone to in a purchase these pans with the proceeds coming back to the County. The money will be deposited with the County Treasurer and not go to Allied. The individual has agreed to purchase all three units for approximately \$1,000 each. On the motion of Mr. Tolly, seconded by Mr. Holden, Council voted unanimously to approve the sale of the pans.

On the motion of Mr. Holden, seconded by Mr. Wright, Council voted unanimously to approve the yearly contract between the US Army Corps of Engineers and Anderson County for law enforcement services for certain recreational areas on Hartwell Lake.
