---

Halti –

Do you know if we are getting these calls?

Swati –

Wanted to keep you in the loop on this.

**Subject:** Century Aluminum

Brian,  
I'm working on a story about Century Aluminum's Mount Holly plant in Goose Creek, which is scheduled to close at the end of the year because of a contract stalemate with Santee Cooper. Some of the employees at Century Aluminum have created a Facebook page titled "Save Century Aluminum" and one of the post on that page is pasted below. Has the governor's office received any calls as a result of that Facebook post and, if so, is there an estimate as to how many people have called? Also, what is Gov. Haley's staff telling the callers?  
Thanks for your help,  
David Wren
