Subject: Senate Bill 0639 Re: Pioneer Water District ~ Website email from Gerritt Beatty

---

Dear Governor Bryant, The subject bill was introduced on April 19, 2017 and placed on the calendar without reference. As customers of the Pioneer Rural Water District we request the opportunity to provide comments prior to Senate action. However, as you are aware we have no senator representing District three to act on our behalf at this time. Could you please intercede on our behalf before the Senate takes any action on tuesday, Thank you

Gerritt Beatty
