The Sheriff said he was told there
lights, or running water. And made the Stateme

She may have been there for 5 hours, But She was not placed in a foster home Because in that 5 hour period went to School, for a field trip. When I brought that fact Mrs. Davis said Jazmin wanted to go on field trip what did I want? To disappoint Granddaughter, well it was during that field trip Table Rock my Granddaughter ask my Husband did you catch my prayer? I ask God to watch you and make you feel better!

I have been in the Courtroom I recognized as a family member, who my Grandchild can be placed with! Not by the DSS or the System.

And it seems that they are making it on my Daughter Vincenta Saldana, Because I not shut up and leave this whole matter in hands and let the chips fall where they may

I informed my Granddaughter's DSS Melanie Stancil, That I was prepared to take care of my Granddaughter right now and so is my I Victoria Saldana. But because we are both in

turn the table on me asking if I condone using marijuana, And I told them Not a time had my daughter been so high she too impaired to take care of my Granddaughter's needs or her own! and I'm sure they drug Jazmin.

My Husband has fluid in his brain, it is in his brain not on it so the pressure he takes severe headaches. He even given a year to live at one point. God had a different plan, and they can! drain the fluid from inside his brain.

Do I condone it No, I have seen the pain they go through on a daily basis yes!
