**Subject:** Croft State Park

It was a pleasure meeting you last week on the trails at Croft State Park.

I would be honored to offer you a nice, smooth horse when you next come to Croft, to preview the trail system.

We, the people who ride at Croft on a regular basis, are thrilled at your interest in the trails.

We feel the trails are Croft's biggest asset – used by hikers, cyclists, marathon runners, equestrians and many more.

There are so many people who have camping trailers who would love the opportunity to camp at McFadden Road and would pay to do so.

In addition to providing extra income for the park, it also could be used for overflow parking on days when the main parking lot is congested.

Thank you for your consideration in this matter, and I hope you will take me up on the horseback ride (English, western or endurance saddle).

Sincerely,

Julie Dell
